7) The intention of the rule is that 14 years should be regarded as the normal life term - and the case of lifers should be raised when deprivation has been undergone (including remission) for 14 years. It is entirely in the discretion of Govt to order a) immediate & unconditional release (b) release after the lapse of the full period of 20 or 25 yrs as the case may be (c) conditional release or (d) remission of the case at a future date - As pointed out by the Govt of India in the papers flagged A. the considerations to be adverted to are the circumstances of each case, the character of the convicts crimes, his conduct in prison, and the probability of his reverting to criminal habits.

9) The Resolution of the Government of India, dt. 6.9.1905 explains in detail the reasons for the Submission of cases of prisoners who have completed a term of 14 years in jails for the orders of Government. It is stated that the principle is that a period of detention in an Indian Jail should not ordinarily exceed the maximum term of imprisonment that the law contemplates, namely, 14 years. Though the Resolution seems to refute aggregate or cumulative Sentences exceeding 14 years, Rule 308 of the Jail Manual applies in terms to all cases of imprisonment for 14 years. It is not however laid down that "such prisoners must always be released at the end of 14 years imprisonment". The decision has to depend "on the circumstances of each case, the character of the convict's crimes, his conduct in prison and the probability of his reverting to criminal habits or instigating others to commit crime." In fact, the Resolution of the Government of India of 12.7.1910 expressly states that "life convicts of specially dangerous character, as evidenced, for example, by previous convictions, by cumulative Sentences, or by bad conduct in jail" should not be released even in the usual course without a formal order of Govt. A person is such as

may could not be released at the expiry of 14 years' imprisonment.

10) Out of the 47 convicts included in the list sent by the Dy. Of Prisons, one Dungam No 70 66 has already been released. All the convicts are lifers, and many of them have served no more than 10 or 11 years imprisonment, the rest being remission earned by them. The Superintendent has practically a good word to say about every one, and recommends the cases of some old persons for special consideration the nature of the crime for which each was convicted has not been set forth in the statements. It appears for orders as to which of them should be released and which not, and also they should be asked to report themselves to the Police at stated intervals to enable them further information may be called for. In any case the convicts Abdul Rahman, (70 25) Siddaliya (7859), Rama (7837) who were concerned in the assault against the late Superintendent Mr D.S. Nanjappa do not appear to deserve any special consideration, and if approved, may be ordered to be released only after the formal order of Govt are obtained at the expiry of the usual course of imprisonment. The cases of the Gowda, Nanjia (8343) Linga Gowda (8350) may also have to be put up. Submitted for favo

in their Resolution of 12.6.1910, life convict of a specially dangerous character, as evidenced for example, by previous convictions, by cumulative Sentences or by bad conduct in jail, should not be set at liberty after 20 or 25 years less the period of remission earned without Govt having an opportunity of considering whether their release is compatible with public Safety. In such case if Govt are not satisfied that he can be released with safety, the case shall be submitted again for their orders after 25 years as the case may be.

2) In the present case the convict was sentenced to transportation for life for brutally hacking the head of a young woman to pieces. He attempted to outrage her modesty and when she resisted, he killed her by murderous assault. When he was undergoing his Sentence in the central jail, he wanted another prisoner to commit an unnatural offence, and was refused his request. Subsequently when they were out for a walk, he bore a grudge, and early next morning when the plea convict was at work inflicted a dangerous and gaping wound on his stomach and forearm. There can thus be no doubt that the convict is a dangerous man with murderous instincts.

To

Chief Secretary to the Govt. of H H the Maharaja
of Mysore, Bangalore.

Sir,

I have the honor to bring to the notice of Government that the Ticket-of-Leave Rules of 1892 (issued with Government notification No. 1937-J. 73-92 dated 30th July 1892), which regulated the remission of life-term convicts confined in the Jails of the State have been done away with on the introduction of the new Remission Rules contained in Chapter XX of the Revised Jail Manual. While the former rules were in force, all life-term prisoners were being admitted to the benefits thereof under the authority vested in the Inspector-General of Prisons by para 1 of those rules.

2. On the date on which the new Jail Manual was brought into force in the State Jails, there were already 49 convicts who had been admitted to the benefits of those rules. The term of imprisonment in the case of the said convicts was being reckoned as 18 years as per para 16 of the rules in question. Eight convicts out of that number have been let out of the Jail, since 1st July 1917 under the authority of the marginally noted Government orders, the term of imprisonment for determining the date of release in their case having been taken as 18 years.

3. Now the point under doubt is whether a report is to be made to Government in the case of the remaining 41 convicts as require by rule 308 of the Mysore Jail Manual, considering that they have all finished 14 years' imprisonment including remission gained by them. I have, however, submitted herewith nominal rolls for all the 41 convicts (with a list showing their names) for the needful orders being passed by Government as to whether there is any nece sity for a further report being made to Government in each indivi case as required by clause (c) under Rule 308 (1) of the Jail - Manual.

Submits Copies of judgments showing the details of two Cases in which Convict No. 2762 Thimma of the B. C gaol, was sentenced to transportation for life.

In the Court of the Sessions, Nagar Division.

Dated, Shimoga the 7th day of July 1894.

Present B. Tirumalacherlu Esquire B.L.

Sessions Judge.

Shimoga Sessions Case No. 21 of 1893-94.

Complainant: vs Accused ;

Government. Thimma.

Offence:- (1) Murder under section 302 I.P.Code

(2) culpable homicide not amounting to murder under section 304 I.P.Code

(3) voluntarily causing grievous hurt under section 326 Indian Penal Code.

Opinion of assessors:- Guilty.

Finding of the Judge:- Not guilty on the 1st head of the charge,

Guilty on the 2nd head of the charge,

No finding recorded on the 3rd head.

Sentence:- The accused is sentenced to transportation for life.

The facts of the case are as follows:-

1. On the last "Oogadi" day, the 7th April last, one Burmee aged about 21 years, the daughter of Venkoo (2nd witness for prosecution) left her house at about 3 "Tasoos" before sunset, saying she would go to her master Puttiah's garden to fetch grass. About a "Tasoo" after she left two persons named Naga and Sidda(3rd and 4th witnesses for prosecution) heard the cry of "Ayyayyo! I am being killed", and went to Puttiah's garden, where they found Burmee lying nearly dead with severe wounds on her head, while they saw the accused, who was standing near the deceased run away on seeing them. Naga and Sidda then went and told Venkoo of what they had seen and she went and saw her daughter lying dead in the gardens and informed her master Puttiah(7th witness for prosecution) of it. Puttiah then took the Patel(6th witness) with him and went to his garden and saw Burmee lying dead, and the Patel then sent a report(Ext^) to the police station at Yedoor, and afterwards set people to watch over the dead body and then sent for and questioned Naga and Sidda, and learnt

from

from them what they had seen in the garden. A search was then made for the accused but he was not found. On the next morning, the police Daffadar of Yedoor station came, and got an inquest held over the dead body, and sent it to the Hospital at Nagar, where a post mortem examination was held over the it by the Hospital assistant. On the following day (9th April 94) the accused was found concealing himself in his master's straw-stack, on the 8th April, where a search was made for him after the daffadar went to the scene of occurrence. After the necessary investigation of the case by the police, it was placed before the Sub-divisional Magistrate at Sagar, by whom the accused has been committed to this court for trial on charges of murder, culpable homicide not amounting to murder, and causing grievous hurt with a dangerous weapon, under sections 302, 304, and 326 of the I.P.C. respectively.

2. The accused pleaded not guilty to the charge.

3. The following witnesses were examined for the prosecution:-

(1) Edward Thever (2) Yenkoo (3) Paga (4) Sidda (5) Erah (6) Hamiah (7) Puttiah and (8) Timma.

The following exhibits were filed for the prosecution:-

A. sickle or small bill hook said to belong to the accused

B. post mortem report prepared by the Hospital assistant (1st witness for the prosecution) dated 9th April 94 on the examination of the dead body of the deceased Burme

C. sickle said to be found near the dead body of the dec

D. report of the Patel (6th witness for prosecution) to Yedoor police sub station dated 7-4-94, that the deceased was lying dead in the garden.

E. mahazar dated 8-4-94 for finding the accused in the straw stack of the patel Phaniappa and finding of sickle A in his hand.

F. mahazar regarding the state of the dead body and the scene dated 8-4-94.

G. confessional statement made by the accused before Mr 3rd Assistant Commissioner & ex-officio Magistrate Nagesha Rao on the 16th April 1894.

H. statement of the accused before the committing Magistrate.

The accused stated as follows:-

"I have heard the statement G read over to me. I don't what I said and what the Magistrate wrote down. I have heard the statement F read over to me. I don't know what I said and what they wrote down. I did not commit an offence. I admitted the crime as the daffadar told me that if I did so, I would be released."

5. No witnesses were examined for the defence and no Exhibits filed.

7. There can be no doubt that the deceased Burmee died from the effects of the very serious injuries which had been inflicted upon her head. The Hospital assistant(1st witness for prosecution) describes the wounds he saw on the head of the deceased, and they were all incised wounds, some of them exposing the brain, and one of them, viz, that which was found on the vertex of the head was so deep as to penetrate the big brain and to cut it There were in all 11 wounds on the head of the deceased all of which in the opinion of the H-ee- Hospital assistant, must have been caused by a sharp cutting instrument.

8. Now the question is, whether the accused Timma inflicted those wounds and thereby caused the death of the deceased Burmee? There is no direct evidence to show that the accused inflicted them, as no body saw him do so; but two witnesses viz, Naga and Sidda, 3rd and 4th witnesses for prosecution, have come forward to say that on the last "Oogadi" day about 1 or 2 "Taroos" before sunset, they heard the cry of 'Ayyayyo! I am being killed" and went to the garden of Puttiah, and saw the deceased Burmee lying nearly dead, while the accused Timma who was standing about 2 "Maroos" from her ran away on seeing them. They say that they then went and told Yenkoo, the mother of the deceased, 2nd witness for prosecution, of what they had seen. Yenkoo confirms the story of these two witnesses so far as the fact of the having come and told her of what they had seen, is concerned, and she says that on being informed of it by Naga and Sidda, she at once went to Puttiah's garden, saw her daughter lying dead, with fearful wounds on her head, and blood profusely running down her face, and that she then went and told her "Odaya" or master, Puttiah(7th witness for prosecution), about it and that Puttiah then went and called the patel Ramiah, 6th witness for prosecution, and that they both went to the gardens and saw Burmee lying dead, with wounds on her head and blood flowing down her face. Both the patel and Puttiah say that the former at once sent a report to the police, and then

sent for Nage and Sidde and asked them about what they had seen and h learnt from them that they had gone to the garden on hearing a noise, and had seen the accused Timma running away, while the woman Burmee wa lying nearly, but not quite dead. They (the patel and Puttiah) further say that the accused was searched for immediately, but was not to be found, and that on the following morning he was found concealing himse in the straw stack of his master, the patel (6th witness for prosecutio with the sickle marked A in his hand. They say that a mahazar (Ext E) was made regarding this fact and that afterwards an inquest was held by the police daffedar, assisted by the patel and others, over the dead body which was then sent to the hospital for post mortem examination.

9. This is all the evidence for the prosecution, and if it had stood alone, I should have felt considerable doubt in arriving at a decision as to the guilt or innocence of the accused of the offences charged against him, and should in all probability have given the accused the benefit of my doubt. But there are in this case, the confessions made by the accused not only before Mr. Nafeesha Row, Assistant Commissioner and 2nd class magistrate, when probably the accused was still under the influence of the police, but also before Mr. Hemakal Row, Sub-divisional Magistrate of Sagar, in the course of the preliminary inquiry into the case, when it can scarcely be said that the accused was under any such influence. Both these confessions agree with each other in the main, an there is no reason to think that they, specially the one made before the committing magistrate, Mr. Hemakal Row, were not voluntarily made by the accused. It is true that the accused before this court ignores his confessions and says he does not know what he said and what the Magistrate recorded, and that he was induced to admit his guilt on the assurance of the police daffedar that he would be released if he admitted t rime. It is, I think, very easy to make such an assertion, but in the bsence of any proof of it, I must reject it as altogether unfounded. he confessions, then, having, as I think, been voluntarily made by the ccused, the mere fact of his retraction of them before this court, ught not I think, to lessen the weight to be attached to them. These onfessions which form the only evidence in this case regarding the ircumstances under which the accused struck the deceased woman do n ith his sickle, show that he laid his hand upon the breast of the

ed which provoked her; that she thereupon spat upon the face of the
d,which provoke him to strike her with his sickle. He also admits
that after knocking her down,he went and concealed himself in the straw
stack of his master,and that he was on the next morning found out and t
away from there. In these circumstances I have no hesitation whatever in
coming to the conclusion that it was the accused who inflicted the serio
injuries which were seen on the head of the deceased Burmee.

10. Now,the question is,of which of the offences charged,is the accused
guilty? I do not think upon the evidence on record I would be justified
convicting the accused of murder. I could only convict him of culpable
homicide not amounting to murder,as he says,and there is no other evidenc
on the point except what he himself says,that he was provoked to strike
the deceased as she spat upon his face. The fact that it was the accused
who first gave provocation to the deceased who, in consequence of it, sp
upon his face,and that the accused in striking the deceased with his sick
acted in a most cruel manner by striking not one blow,and inflicting only
one wound,but struck several blows and inflicted so many as all severe
wounds on the head of the deceased,with such a deadly weapon as a sickle,
ought to subject him, I think,to the severest penalty which can be inflic
upon him for the offence of culpable homicide not amounting to murder,as,
although the accused says he committed the act on sudden and grave
provocation,yet,I think,he cannot in striking so many blows with a sickle
be acquitted of theintention to cause,if not death,at least such bodily i
injury to the deceased as was likely to cause her death,thus bringing his
offence under the first portion of the penal provisions of section 304 of
the I.P.C.

11. Finding and sentence.

The court, differing from the assessors,finds the accused Timma not guilty of the offence specified in the 1st head of the charge,viz, that he committed the offence of murder,punishable under section 302 of the I.P.C. and the court directs that he be acquitted of that offence.

The court concurring with the assessors,finds the accused Timma guilty of the offence specified in the 2nd head of the charge,viz, that he committed the offence of culpable homicide not amounting to murder,punishabl under section 304 of the I.P.C. The court directs that thee the said accused be sentenced to transportation for life.

The court does not find it necessary to record its finding o the 3rd head of the charge, which relates to the offence of causing grievous hurt under section 326 of the I.P.C.

Sentence

The accused is sentenced to transportation for life, the present sentence taking effect after the expiry of the Sentence passed on him in Shimoga Sessions Case No 21/1893-94.

Judgment

The accused was charged under Secs 307, 326 and 324 I. P. C., with having, on or about 19th September last, at the Central Jail Bangalore, attempted to commit murder, voluntarily caused grievous hurt with a dangerous weapon and voluntarily caused hurt with such a weapon, viz that he stabbed one Kannaiah with a sharp knife on his stomach and arm.

2. The following witnesses were examined for prosecution.

1. Kannaiah. 2. Moroogeoaun.
3. M.r Smith. 4. M.r Yates.
5. Moroogan. 6. Rajagopal.
7. Yates and 8. Mohamad Yoseph.

3. The following Exhibits were filed for the prosecution:

A. 19.9.04. Deposition of Kannaiah recorded by the Superintendent Central Jail Bangalore.

B

Notes made by the Superintendent
19.9.04. Central Jail, Bangalore

C. Deposition of the Doctor before the Committing Magistrates.

D. Statement of the accused before
—— do ——.

E. Report of the Jailor to the Superintendent

4. The following articles were produced for the prosecution.

1. A Razor.
2. A piece of blade of Ditto.
3. Kambali } worn by Kareemah
4. Chaddi }
5. Coat }
6. A towel of Ditto
7. Chaddi } worn by the accused.
8. Coat }

5. The accused made the following statement before the Committing Magistrates.

"I did not stab Kareemah"
"It is Moorigeamma that stabbed"
"him".

6. The accused made the following statement before this Court

"I did not stab the 1st witness I have been 11 years in the jail and have been anxious to return home and see my parents. Witnesses speak against me from Jed. I pick up drawers and coat No 7 and 8, from the Cloths before the Court. They are mine. 1st Witness Kamiah cried out to me saying he had been stabbed. I went and embraced him. That accounts for the blood marks on my cloths. Rags Nos 1 was not found on my person or bed. Monogramme must have thrown it on my bed. I have nothing else to say. I have no witnesses"

7. No witnesses were examined for the Defence.

8. No Exhibits were filed for the Defence.

9. The Accused is a Life Convict undergoing the sentences of transportation for life. while the Complainant, the 1st witness for the prosecution is another Convict undergoing imprisonment for 5 years. These as well as the 2nd 5th 6th and 7th Witnesses for the prosecution

who are also convicts used to sleep in a room, of which the accused was the warder. On the evening of Sunday the 18th September last, after the prisoners were locked in their respective rooms for retiring to bed at 10 o'clock and 6th witness for the prosecution who room naggi. rose and washed their hands in the usual tub, spilling some water on the ground; while so washing the accused having annoyed with them seems to have given abused them and they in their turn, returned the abuse. The matter was first reported to Sirdar warder. Sonta Naik who was patrolling the barracks, wherein prisoners slept and there by him, to Serjeadar Mohamed Souad (5th witness for the prosecution) who was on duty at the Tower, and eventually to the Chief jailor, and the latter sent word to the prisoners that he would enquire into the matter and take notice of them considered the next morning, enjoining them, in the meanwhile, to keep quiet and go to bed. Nothing further transpired during the night, the accused as well as the 1st and 6th witnesses for the prosecution having quietly retired to rest. About the dawn of the next morning, however, the

the prisoners who were sleeping in the room were roused from their sleep by the loud cries of "Appa - Appa" made by the 1st witness who cried out at the same time that he had been stabbed by the accused. The matter was again reported to the Jailor through the ticket ward and the Lower Duffadar and on the Jailor arrival, he found the 1st witness dangerously wounded in his stomach and on his left arm, and his cloths as well as those of the accused stained with blood. He at once reported the occurrence to the Superintendent of the jail. (Exhibit E.) and the 1st witness to the Jail Hospital and confined the accused in a cell, pending the investigation that the Superintendent was to make.

10. These briefly are the facts of the case and the questions for consideration are what was the natures of the wounds inflicted on the 1st witness, and whether it was the accused that inflicted them.

11. As regards the 1st point, the evidence of Dr. Ramaswami Iyengar shows that the 1st witness had a gaping wound an inch long on the left

side just below the last rib, that through it on the abdominal wall, the orientation of the covering of viscera was protruding about 2 inches in Length, that it was a dangerous wound, that there was another gaping wound on the back of the left forearm 5 inches long, exposing the muscles, and that both the wounds might have been caused by knife No 1. The doctor thought that the wound on the stomach was so dangerous that the victims might at any moment collapse, and advised the Superintendent to record his dying declaration (Exh A) and it was accordingly recorded.

12. As to the 2nd point there is abundant evidence of a satisfactory character for the Crown to prove that it was the accused that inflicted the wounds in question. 1st PW Thomas states that, as he was sleeping, he felt as if some one was removing his Cumbu with which he had covered his face, that on questioning who it was that was pulling his Cumbu he saw the accused who was standing over him, stab him on his left side, that he cried out "Ayyo Appa" and as he caught hold of his hand, that the accused was

ran back to his berth, but that the 10th
witness struck to him, that to make
him (10th witness) quit his hold, the
accused again struck him on his
left arm, and that he then left the
accused, fainted and fell down, while
on his way to his own berth. The
Crew of the 10th witness roused the
other six males of the forecastle, and of these
the 2nd and 6th witnesses swear that
they severally saw the accused take
the 10th witness and then return to his
(accused's) own berth, dragging the 10th
witness 5th and 7th witnesses who were
awakened from their sleep by the
Crew of the 10th witness, saw the
accused standing on his berth. As the
report of the occurrence to the jailor,
and as his arrival at the room in
question in Company with the
Deffendar (8th Witness) and other
the accused was at once searched
and in the Course of the search
he dropped down a Razor No 1 on
his cross belt and it was at once
picked up by the Deffendar
and delivered to the jailor (8th Witness)

13. By addition to the brief evidence of the 1st 2nd and 6th Witnesses said that furnished by the discovery of the razor on the person of the accused, there were stains of blood found on the wall near his bed and on his clothes and he has no explanation to offer for these. He stated that on the 1st Witness crying out that he had been stabbed he (accused) rose and advanced his arm and thereby stained his clothes, but this is most unlikely when it is remembered that it was only a few hours before that he had quarrelled with him (1st Witness).

14. The motive for the crime is not far to seek. 1st Witness states that the accused had some days previously asked him to consent to sodomy being committed on his person and that he, 1st Witness, indignantly refused to consent to it. By addition to it is the quarrel between the Witness and the accused which ended in the matter being reported to the jailor

who threatened to have her (accused) put into a cell.

15. For the foregoing reasons, I must find the accused guilty.

16. The accused appears to be a dangerous man with strong murderous instincts & have and for the record of his previous conviction (Shemoja Session Case No 21 of 1893, 1894) and found from it, that he wantonly attempted to outrage the modesty of a woman by seizing her at her bread and that when she resisted his act, he murderously assaulted her with a sickle and killed her on the spot literally hacking her head to pieces.

17. In the present case, I think he must have intended not merely to wound the 1st witness, but actually kill her. He talk refused to commit unnatural offence being committed on his person and further quarrelled with her, and the accused knowing her

his conduct, seems to have stealthily gone up to him, intending to kill him before he could be seen by others, but fortunately the witness was just fast asleep and caught hold of the accused's hands and struck to him as soon as the blow was struck. Whatever might have been the intention of the accused, yet the nature of the instrument used, which was a sharp razor, and the place wherewith it was used must have made the accused know that it was imminently dangerous to life: to have so used such a sharp instrument. I think, therefore, that the offence committed is nothing short of an attempt to commit murder and I must accordingly find him guilty of it. The assessors took a more lenient view of his offence, and while holding him guilty, thought that he only wanted to cause hurt to the PW by stabbing him.

18. As regard the punishment, I think death would not be an inappropriate sentence having regard to the previous history of the accused and to the fact that he is a life convict, but

fortunately for him, the 1st where he
received and the extreme penalty of the
law is not quite called for.

19. According to the jailors evidence
the accused, through a life convict, will be
entitled to his release in 3 or 4 years.

20. The Court, differing from the
assessors, finds that the accused Shiniga
is guilty of the offences specified in
the charge, viz, that he attempted to
commit murder, and that he thereby
committed an offence punishable under
Sec 307 I.P.C., and the Court directs
that the said Shiniga be sentenced
to transportation for life, the present
sentence taking effect after the expiry
of the sentence passed on him in
Shimoga Sessions case No 21 of 1893-94.

21. Articles Nos 1 to 8 will be
rendered to the Superintendent of the
Central Jail, Bangalore.
